

SOAP BIBLE STUDY METHOD

*A SIMPLE AND EFFECTIVE WAY TO TAKE A DEEPER LOOK AT WHAT YOU'RE READING IN
GOD'S WORD.*

S. – SCRIPTURE

Before you read through today's scripture, stop and prepare your heart and mind to receive what God wants to speak to you today. Ask the Holy Spirit to open your eyes and give you understanding as you read, then read through each chapter.

O. – OBSERVATION

What do you notice in your reading? Write down any observations from the chapters, including: main message or idea, words that jump off the page, and a specific verse or section that spoke to you.

A. – APPLICATION

How does this relate to me or my circumstances? Ask God what He is wanting to speak to you through this passage. Remember that we want God's word to instruct us, not try to make it say what we want it to say. If you have questions on the context, don't be afraid to dig in deeper or each out and we can help you find more clarity.

P. – PRAYER

Pray about what you learned today. Thank God for speaking to you, then ask Him if there is anything that you need to confess. Ask Him what direction He is giving you or what action step you should take today.
